Willock Building (TAC-45)

This three-story building was constructed by Joe Willock, who began Coco-Cola in Campbellsville in 1905. Seven bays wide, it is constructed of brick with a cast iron front façade. Round arched windows are found on the second and third floors. Attic windows with stone lintels are decorated with carved scroll work and stone sills. Brick corbelling is beneath the stone parapet wall with detailed panels between the brackets. Leaded glass transom windows have been painted. Pressed tin ceilings remain intact.

A paneled entrance has display windows with an egg and dart design above. The entrance to the second floor on the east side has beaded wainscoting. Floor coverings and light fixtures remain intact on the 3rd floor where the Masonic Lodge met.

Originally constructed for commercial purposes, the Economy Store-the town's first dime store, was on the first floor. An Opera House was on the second floor, and a meeting room for the Pitman Masonic Lodge was on the third floor with stages around the room's perimeter.

Among the businesses housed on the first floor were (Daniel) Hatcher - (Lynn) Mitchell Men's Store (now Mitchell's Men's Wear, 221 E. Main), who opened a store February 1911. Buchanan-Lyon Hardware occupied the building between 1915 and 1916. Kentucky Utilities was located in 110 and Russell Stores in 112 during 1924. Following later was the Tuner Store. The motion picture show began on the 2nd floor in February 1911. Vaudeville acts, amateur talent shows and other stage entertainment played on the 2nd floor until it became a skating rink.

During the 1930s, U. V. Walker had an undertaking establishment on the 2nd floor. When Tennessee Gas Transmission moved into the county in the late-1930s and early-1940s, the 2nd floor was partitioned into rooms and rented out due to a housing shortage. These partitions remain intact. A back room was used as the dining hall and is separated from the front by a small dressing room with a balcony above it.
